The World Dominion Movement advocates Informed Continuous Co-ordinated Evangelism to reach everyone at home and abroad. Its basis is belief in the Deity and Atoning Death of the Lord Jesus Christ, the World's Only Saviour, and in the Final Authority of Holy Scripture.

## CONDITIONS IN CZECHO-SLOVAKIA

others, has been received with gratitude. A Protestant Professor expressed to the writer his thankfulness for this token of love, for it had opened his eyes to the underlying unity of all Christians. Yet more help is necessary. Much has been lost that cannot be replaced, but many crying needs of the Churches can be met if fellow Christians in other lands rise to their responsibilities. In Czecho-Slovakia the Reformed Churches have suffered not only materially, but above all, mentally and spiritually. Their eyes have ever been directed to the democratic nations, and the apparent failure to help them in their time of agony last year has struck them a heavy blow. Through the present helplessness of their State they see evil influences flooding in upon their people, and their people are not strong enough to resist them alone. Only an evangelical revival can give them the moral and spiritual stability which they need.

*If friends care to send a donation towards this, it will be a piece of real missionary service.*
